

The fourth Transport Knowledge Conference (TKC) is being held in Auckland on 27 November in conjunction with the 39th Australasian Transport Research Forum (ATRF) conference from 27 to 29 November, and an OECD/ International Transport Forum (OECD/ITF) roundtable, 30 November – 1 December.

Australasian Transport Research Forum

The ATRF is the principal transport research conference in Australia and New Zealand. It brings together transport researchers, policymakers and practitioners from a range of disciplines to share and build on the latest research and thinking.

Transport Knowledge Conference

The theme this year for the TKC is *Managing transport demand: technologies, social and economic impacts*.

The conference will feature data, information and research supporting a better understanding of the financial, infrastructure, business, economic, social and access impacts of transport demand management.

OECD/International Transport Forum Roundtable

The theme for the roundtable is *Social impacts of time and space-based road pricing*. The roundtable is to be held at the Langham Hotel in Auckland.
