SESSION TWO

Item 5 11.00am **Safer Journeys- The challenge of reducing death and serious injury** 25 min
Kaye Clarke - Road Safety Programme Director
We are all aware that the road toll is rising after a period of tracking towards 2020 targets. We have subscribed to the safe system approach and despite all our efforts we are now tracking the wrong way. What's going on?

Item 6 11.25am **DOC's Roads – managing roads throughout the remotest parts of the country** 20 min
Brian Dobbie, Department of Conservation
DOC manages an extensive network of primarily gravel roads that access key tourism destinations or provide a recreation opportunity for 4-wheel drive enthusiasts. What do these roads look like, who are the customers, what are the challenges in managing this network and what is DOC doing to fulfil its responsibilities as a road controlling authority?

Item 7	11.45am	Managing Unformed Legal Roads <i>Eric Pyle, Chief Executive and Ric Cullinane, Operations Manager – Walking Access Commission</i> The Commission and its mapping system, and collaborative approaches to managing the conflicting interests in unformed legal roads: case studies, management tools, legal aspects, and the value of local recreational opportunities relating to ULR.	25 min
