DECISION MAKING...

How good do you think we (as a whole) are at making maintenance operations and renewal investment decisions?

If you had a free hand what would you change?

New Zealand Government 4

Procurement Strategy...

Is your procurement strategy for road maintenance operations and renewal effective in delivering best value for money?

And your evidence is?...
How do you measure the efficiency and effectiveness of your strategy?

New Zealand Government 5

DELIVERY MODELS.....

What is needed to make the delivery model(s) you use successful?
