Data and Tools

Reports

Safety

- Safety OM1 - Injury Counts - Fatal & Serious >
- Safety OM2 - Collective Risk >
- Safety OM3 - Personal Risk >
- Safety PM5 - Sight and Control >
- Safety PM6 - Intersection Injuries - Fatal & Serious >
- Safety PM13 - Vulnerable Users >

Amenity

- Amenity OM1 - Smooth Travel Exposure >
- Amenity OM2 - Average Roughness (NAASRA) >
- Amenity PM1 - Peak Roughness >

Efficiency

- Efficiency EM2 - Chipseal Resurfacing quantity >
- Efficiency EM3 - Asphalt Resurfacing quantity >
- Efficiency EM6B - Average Life Achieved of Sealed Surfaces Renewed >
- Efficiency EM9 - Pavement Resurfacing >
- Efficiency EM10 - Routine Pavement Maintenance >

Regional Workshops

- Aligning to RCA timelines
- Support for RCA's
- Learning and Sharing Activities
 - E.g. BCA AMP
 - Analysis & use of data

Resource Material

- **Useful content on REG website**

- ONRC guidance
- Case studies
- Good practice AMP examples
