

Research & Guidelines Overview

Report to RCA Forum meeting on 27 November 2015
Murray Hasler

Who, what and why

- + Groups and individuals
- + RCAF R&G working groups or resourcing others.
- + RCA staff, people willing to be involved with an interest, or better still passion, on issues of common interest.
- + Issues that need to be addressed, affecting multiple RCA's and where there is an apparent gap.
- + Involvement in external bodies such as national working parties.
- + Opportunities to extend yourself or your staff on a bigger stage.

Research Suggestions – sector challenges

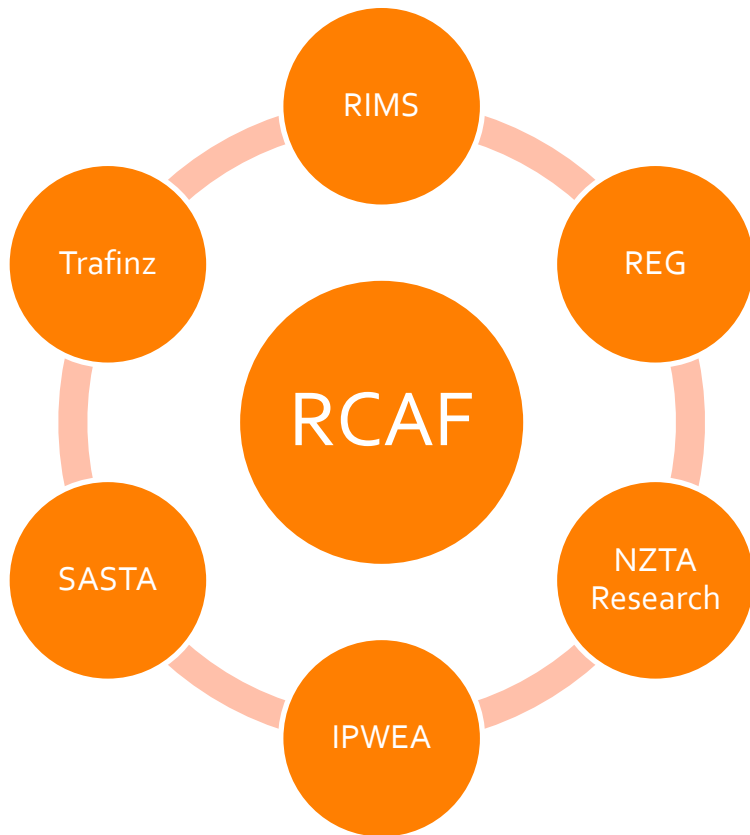

- + Road user charges for electric vehicles
- + Coordinating central and local govt planning cycles
- + Peer bands that recognise regional differences
- + Optimum local aggregate+recycled material mixes
- + Consistent comparable condition-assessment for unsealed roads
- + Optimal road-sign reflectivity for rural roads
- + Road-rail interface working group – Liaison with KiwiRail
- + Shared Footpath working group - Mobility scooters and other issues.
Draft TOR

Shared Footpaths

Research & Guidelines Coordination Hub?

- + Research & guidelines notice board
- + Who's doing what?
- + Eliminate duplication
- + Facilitate collaboration
